

Firecracker

Sleeper

Busy drinking gin
In a bar at biloxi
But I've only had four
Only had four
Benny and the jets
And a waitress called roxy
And she's all you want for
All you want for
Cynical me
Come on come on
Cynical me
She is a firecracker
Come on come on
She is a firecracker
And I'm in love
I'm in love
Heard you bought a ring
Bet the diamonds go rusty
And its only got four
Only got four
Fifty seven kids
And all of them ugly
And I only want four
Only want four
Cynical me come
On come on
Cynical me
He is a firecracker
Come on come on
He is a firecracker
And I'm in love
I'm in love completely
For one time only
I've searched
These green fields
All day long
I'm in love completely
For one time only and on one knows me
Like you do
Oh cynical me
Come on come on
Cynical me
