

## Pyrotechnician

Sleeper

Throw me your matches 'cause I like to burn stuff  
Give me your lighter to keep me amused  
Kiss your fingers goodbye bye bye  
I'm burning them  
Kiss your fingers goodbye bye bye  
I'm burning  
As a matter of fact they've just turned black

I think you're attractive but in a strange way  
It's always exciting when you're around

Kiss your bentley goodbye bye bye  
I'm burning  
As a matter of fact it's just turned black

Pyromania

So pyrotechnician I think I love you  
When will you let me join in your stunts

Kiss your fingers goodbye bye bye  
I'm burning them  
Kiss your fingers goodbye bye bye  
I'm burning  
As a matter of fact they've just turned black
