

Blue Eyes

Sleeperstar

Your blue eyes, they look like a friend
They fall on me and I will not pretend
That I can just walk away
I see me in them, and in them will I stay

I will not run from your blue eyes
Oh, from your blue eyes I will not run
I don't know what you want
Am I really what you need?
Whenever you fall on me
Blue eyes

We both know what you said
But I know, I know, I know what you meant
So tell me what you want from me
And I'll be what you need, now I see

I will not run from your blue eyes
Oh, from your blue eyes I will not run

I will not run run run
Run away run run
Run away run run
Run away

I will not run run run
Run away run run
Run away run run
Run away

I don't know what you've done to me
Inside my heart's on fire
Outside I'm cold as ice

All's well that ends well
The worst of luck will change
Here we are, set to start our day
