

## Carry You

Sleeperstar

There she goes, just another ghost  
And I don't know, whether I should follow her  
Framed in mind, and love that never was before  
-

If you cannot move, then I will carry you  
If you cannot breathe, I'll be the air  
Only say my name, to show me where you are  
And I'll be there, where no one else will stand

Late that night, discovered you a glow  
And I was left behind, making the best of things  
-
