

Disengage it's over  
Let me say what's on your mind  
"I'm not gonna to try to fix you  
A punishment for all your crimes"  
She's not gonna try to fix us this time

Everything's turning to dust  
All around us  
But what if our love was enough  
to carry us through?  
There's nothing in sight  
No one around  
All that remains falls in shadows

Yesterday you loved me.  
Yesterday it was too easy  
to speak, to love, to listen  
to everything you had to say  
I'm not gonna lose you this way.

Everything's turning to dust  
All around us  
But what if our love was enough  
to carry us through?  
There's nothing in sight  
No one around  
All that remains falls in shadows

Burning alive, I'm burning alive  
Burning alive, I'm burning alive  
Burning alive, I'm burning alive

Everything's turning to dust  
All around us  
But what if our love was enough  
to carry us through?  
There's nothing in sight  
No one around  
All that remains falls in shadows
