

The Unnamable Name

Sleeping Giant

For all the martyrs that gave their lives for the unnamable name. To all the saints that made the sacrifice to the unnamable name. Witness the lamb as the fifth seals broken. Behold the ones with scars on their face. We are the saints at the foot of the alter, the holy martyred race. Avenge blood of the underground. How long oh Lord? Avenge the blood of the underground. How long? Precious in the eyes of God is the blood of the faithful. To every saint in the underground - I remember your face. To all restricted nations: Hear me now, receive your king.
