

Dying to Believe

Sleeping with Sirens

I'm a sucker, don't count on me
I'm fucked up, yeah, to some degree
But I'm thinking you, you're just like me
I'm thinking you, you're just like me
You're a disaster, you're in another fight
You wish that you could get it right
We're hanging on a tightrope dream
We lose ourselves in the in-between

Slow down, don't get low now
Cause we can't, no we won't
Take a chance if we don't know how

So let go, come on, let's run away
We both know we're better than they say

This won't be the first time, won't be the last time
Won't be the only time it's on our minds, yeah
We're all just trying to be free, I'm dying to believe

There's a shadow on the walls today
A long drive home to an early grave
It doesn't have to be this way
It shouldn't have to be this way

Slow down, don't let go now
Cause we can't, no we won't
Take a chance if we don't know how

So let go, come on, let's run away
We both know we're better than they say

This won't be the first time, won't be the last time
Won't be the only time it's on our minds, yeah
We're all just trying to be free, I'm dying to believe

I'm holding on so tight, but I'm still, I'm still slipping away
I'm holding on so tight, but I'm still, I'm still slipping away

So let go, come on, let's run away
We both know we're better than they say

This won't be the first time, won't be the last time
Won't be the only time it's on our minds
This won't be the first time, won't be the last time
Won't be the only time it's on our minds
This won't be the first time, won't be the last time
Won't be the only time it's on our minds, yeah
We're all just trying to be free, I'm dying to believe

Oh oh, oh oh
I'm dying to believe
Oh oh, oh oh
I'm dying to believe
