

P.S. Missing You

Sleeping with Sirens

I'm missing you, I'm missing you...

I see myself in the broken glass
Shattered pieces falling down again, down again
I'm breaking down again, down again, yeah
I've seen too much, I know myself
And I've been too fucked up to ask for help
But do you even care?
Is there anybody out there?

It's coming 'round, coming 'round, coming 'round again

Cause I feel so alone
Screaming at nothing
I feel so alone
Searching for something
Now I'm breaking down
And you're not around
I get lost in the sound
And I feel so alone
And you can't save me!

I hate myself for the things I've done
So hopeless feeling so down again, down again
It's breaking me down again, down again
Take what's left, take me away
Cause I've been too fucked up, to try to change
But do you even care?
Is there anybody out there?

Cause I feel so alone
Screaming at nothing
I feel so alone
Searching for something
Now I'm breaking down
And you're not around
I get lost in the sound
And I feel so alone
And you can't save me!

Don't look me right in the eye
Don't tell me this is goodbye
Cause I'm missing you, I'm missing you
Don't look me right in the eye
Don't tell me that this is goodbye
Cause I'm missing you, I'm missing you

Cause I feel so alone
Screaming at nothing
I feel so alone
Searching for something
Now I'm breaking down
And you're not around
I get lost in the sound
And I feel so alone
And you can't save me!
