

# Trouble

## Sleeping with Sirens

Hard to see when your eyes are closed  
Hard to love when your heart is broken  
Live my life out in the cold  
Days are gone and now I'm frozen

The wind it blows  
Where it stops? Nobody's gonna know, I said  
Away we go, where do we stop?  
Nobody's gonna know, nobody's gonna know

I'm in too deep, I sold my soul  
I'm out of reach and I can't let go  
I'm in trouble, I'm in trouble  
I made my way, a dead end road  
I can't turn back so I walk alone  
I'm in trouble, I'm in trouble  
I'm in, I'm in trouble, trouble

Hard to breathe when you lose control  
Hard to live with the words unspoken  
I walk away cause I got no home  
Empty hole and my body's shaking

The wind will blow  
Where it stops? Nobody's gonna know, I said  
Away we go, where do we stop?  
Nobody's gonna know, nobody's gonna know

I'm in too deep, I sold my soul  
I'm out of reach and I can't let go  
I'm in trouble, I'm in trouble  
I made my way, a dead end road  
I can't turn back so I walk alone  
I'm in trouble, I'm in trouble  
I'm in, I'm in trouble  
Take me heaven, yeah, yeah, yeah I'm in  
Trouble  
Save me, yeah

You're so respectable and I'm so impossible  
We just can't have it all  
No, no, we just can't have it all  
We were invincible, It's almost criminal  
No light at the end of the tunnel when you get yourself in trouble

I'm in too deep, I sold my soul  
I'm out of reach and I can't let go  
I'm in trouble, I'm in trouble  
I made my way, a dead end road  
I can't turn back so I walk alone  
I'm in trouble, I'm in trouble  
I'm in, I'm in trouble (How did I get myself in?)  
Trouble (How did I get myself in?)  
Trouble (Take me heaven, yeah, yeah, yeah I'm in)  
Trouble (Save me, yeah)
