

# Calling

Sleepy Hallow

Great John on the beat, by the way

I know you only be calling when it's lit  
Ten toes down with the mob and we ain't slip  
'Member I used to starve, no pot to piss  
Wonder how I made it this far and I ain't quit, yeah  
I know you only be ballin' off a pic  
I know you only be calling when it's lit, yeah  
I should get a reward for this shit  
I should get an applause for this shit, yeah

I can't get up in my feelings, gotta get up in my bag  
And you know how I'm coming, I'ma fill it up with cash  
My shooters let it blast, two hundred on a dash  
The only time we stopping if we gotta get some gas  
And homie, I don't know you so I never let you pass  
And they ain't give it to me, it's something I had to grab  
You my brother, if I got it you got it, ain't gotta ask  
If I got it you got it, ain't gotta ask  
I know them niggas fake, they ain't none like us  
They ain't never tote guns like us  
I know them niggas hate, they ain't none like us  
They ain't never stack funds like us  
The federalies on me say they got a case  
But I ain't tryna fight it, I'm thinking of skipping states  
But fuck it, if they catch me, I'm keeping the gang safe  
They catch me, I'm keeping the gang safe, look  
Free my brother Frost, he be on some day  
Free Fresh, he be on some day  
Free Mani out the can, he be on some day  
Free Cease, he be on some day, free my nigga  
He be on some day, free the gang, he be on some day  
Free brodie out the can, he be on some day  
Free the gang, he be on some day

I know you only be calling when it's lit  
Ten toes down with the mob and we ain't slip  
'Member when I used to starve, no pot to piss  
Wonder how I made it this far and I ain't quit, yeah  
I know you only be ballin' off a pic  
I know you only be calling when it's lit, yeah  
I should get a reward for this shit  
I should get an applause for this shit, yeah
