

## Die Young

## Sleepy Hallow

Lookin' through my memories, fallin' into jealousy  
How can I miss you? You're really just my enemy  
Breakin' apart, but I gotta hold my legacy  
(Great John on the beat by the way)  
And I don't wanna die-I don't-I don't wanna die young and-

Aye, I don't wanna die young, so I stay with a stick  
Still on that shit, fuck two times six  
Forgot who I was, let me talk my shit, like  
Sturdiana  
Buss a move when I get up behind ya'  
Shorty bad, she get it from her mama  
I do what I do and she do what she wanna  
That's a fact and no cap  
Me and Sheff had to run up them racks  
If you miss then we doublin' back  
2018, I was stuck in the trap  
Fell in love and I got too attached  
Heart got broke, it ain't no comin' back  
If we up it, ain't no comin' back  
Fuck with my opps, said they no comin' back  
Is you with it?  
If you up it, I up it, let's get it  
Sleepy ain't feel no love in a minute  
But, fuck it 'cause I ain't been broke in a minute  
And your bitch hit me up said she just wanna fuck  
'Cause she ain't feel the strokes in a minute  
You know me, I be hittin' it different  
So you can't get it back when I'm finished  
So you can't get it-  
When I'm cookin,' I'm not in the kitchen  
I'm probably somewhere outta town doing business  
So, I'm sorry if I couldn't kick it  
I got attached, so I had to go missin'  
Said she love me that's part of my mission  
Niggas be fake, gotta keep 'em a distance  
Baby stop all that trippin', you should just listen  
Three words, my body different

So I'm lookin' through my memories, fallin' into jealousy  
How can I miss you? You're really just my enemy (Aye, aye)  
Breakin' apart, but I gotta hold my legacy  
And I don't wanna die-I don't-I don't wanna die young and-

I don't wanna die young that might make mama crazy  
No ocean I'm too wavy  
No therapy could save me  
Took L's been winnin' lately  
Locked in ain't no escapin'  
Sometimes I get impatient  
Mask on, no face no, cases, yeah (Yeah, yeah, yeah)  
Fall back, baby I gotta breath  
Fear nobody, I'm ready to bleed  
And she for the streets, she not for me  
From a place where they never believe  
In the hood, thought I never would leave  
Like, what would you do if you run into me?

Grab the choppa and you better squeeze  
Had no knock as he bob and he weave  
If I go better follow my lead  
I still make it hot, like a hunnid degrees  
Show no love 'cause it's hard to receive  
You seen what I seen then you'd probably agree  
Cops and robbers, I'm playin' the thief  
And mama told me not to play in these streets  
It's too late 'cause I'm playin' for keeps

So I'm lookin' through my memories, fallin' into jealousy  
How can I miss you? You're really just my enemy (I don't wanna die young)  
Breakin' apart, but I gotta hold my legacy  
And I don't wanna die, I don't-I don't wanna die young and-  
(I don't wanna die young) So I'm lookin' through my memories, fallin' into j  
ealousy  
How can I miss you? You're really just my enemy (I don't wanna die young)  
Breakin' apart, but I gotta hold my legacy  
And I don't wanna die-I don't-I don't wanna die young and-

Damn  
So I'm-  
Damn  
I don't wanna die young and-  
So I'm-
