Down Hearted

Sleepy Hallow

I don't really fuck with anybody

I can't live like this forever, I need better days
They could kill me by tomorrow, love me yesterday
I fell in love once the streets took my heart away
My enemies close, my friends ain't too far away

Look, buss it up with gang, I wish we could live forever
I used to want the Range, now I want me some better
Money better than that fame, but that fame brought me cheddar
They lookin' at me different 'cause they heard I got my bread up
I wish I was lowkey, gettin' money OT
We really gettin' tired of duckin' the police
Baby I've been feelin' down hearted
I don't really fuck with anybody, no
Baby I can't fuck with anyone
I can't tell her none
She like, "Why you never call, never hit me up?"
I could hold it down, all you gotta do is pick it up
(I hold it down, all you gotta do is)

I can't live like this forever, I need better days
They could kill me by tomorrow, love me yesterday
I fell in love once the streets took my heart away
My enemies close, my friends ain't too far away

If you never find love, how the fuck you gon' lose it?
If you don't pick, how the fuck you gon' choose?
I've been flexin', livin' life, I'm goin' by my own rules
You ain't seen what I seen, you ain't been up in my shoe
But fuck it, I ride with bangers
Clip hangin'
I only fuck with you if you fuck with me like you sayin'
And I don't stay safe, nigga I'ma stay dangerous
It's been a while since a nigga move brainless
And I be smokin' gas, you might have to get to sprayin'
I want the cash, you ain't with it, I ain't stayin'
I pull up all black, you could tell that I ain't playin'
I'm with the mob, we ain't here for entertainment

I can't live like this forever, I need better days
They could kill me by tomorrow, love me yesterday
I fell in love once the streets took my heart away
My enemies close, my friends ain't too far away
(I can't live like this forever, I need better days)
(They could kill me by tomorrow, love me yesterday)
(I fell in love once the streets took my heart away)
(My enemies close, my friends ain't too far away)
