Make You (Snake Proof)

Sleepy Hallow

Yo, you started? Alright
How the pain go, woah-oh
How the pain go, woah-oh
How the pain go, woah-oh
(Great John on the beat, by the way) Look

Make the money, never let the money make you, huh
Real nigga never fake you
Cut the grass, know you gotta stay snake-proof
All these drugs got me feeling unstable, uh
How the pain go, woah-oh (Yeah yeah yeah)
How the pain go, woah-oh (Yeah yeah yeah)

I be feeling lonely in a crowd
If I hold you up, you better hold that shit down
Sometimes I cry, no one's around
But laugh and joke when guns around
I know I be flexing like I never had none, huh
But nigga, we ain't never had none
I ran me up a pack, used to shop at PacSun
Now we make it rain, we don't ever see the sun
I had to leave her, I know she probably the one
What is that? A treat? Look like she nothing
And I don't do the fake, you a bait
They gon' call you everything but great
Ocean on my neck and on my wrist, I got a lake
Brand new AP, I just took it to switch the face
Two gun charges, I'm just praying I beat the case
I paid my lawyer, I'm just waiting on court day, so

Make the money, never let the money make you, huh
Real nigga never fake you
Cut the grass, know you gotta stay snake-proof
All these drugs got me feeling unstable, uh
How the pain go, woah-oh (Yeah yeah yeah)
How the pain go, woah-oh (Yeah yeah yeah)
Make the money, never let the money make you, huh
Real nigga never fake you
Cut the grass, know you gotta stay snake-proof
All these drugs got me feeling unstable, uh
How the pain go, woah-oh (Yeah yeah yeah)
How the pain go, woah-oh (Yeah yeah yeah)
