

Blasted Shadow

Sleigh Bells

Dreaming like a pack of wolves
Blood full of dirt, oh, you know
Breaking dreams and blasted shadows
I'm up before your heart shatters

When I'm burning up above
I feel good
When I'm crying in the dark
I feel good
When I'm looking at the moon
I feel true
Now I'm rockin' on trust
Knock 'em dead

Dreaming like a pack of wolves
Blood full of dirt, oh, you know
Breaking dreams and blasted shadows
I'm up before your heart shatters

Even looking real bad
I feel good
When I'm feeling so sad
I feel good
When I think about the past
I feel true
Now I'm rockin' on trust
Knock 'em dead

Danger ZX talking tough
All the boys and girls
Play real rough
Danger ZX talking tough
All the boys and girls
Play real rough

I only fall in love with the flaws
Things that you're ashamed of
I only fall in love with the flaws
Things that you're ashamed of

Dreaming like a pack of wolves
Blood full of dirt, oh, we know
You keep your heart, breaking dreams and blasted shadows
I'm up before your heart shatters

Breaking dreams and blasting shadows
Breaking dreams and blasting shadows
Breaking dreams and blasting shadows
Breaking dreams and blasting shadows
Breaking dreams and blasting shadows
Breaking dreams and blasting shadows
Breaking dreams and blasting shadows
