

## Ruminate

slenderbodies

Warm form  
Don't take that long  
Gone, gone, gone, gone  
Stone thrown  
Won't fake at all  
Won't, won't, won't

If you heard what I said would you follow?  
I could be anything that you borrow  
If you suddenly seem like a lost soul  
Let it be, let it be till tomorrow

So stay, stay, stay, stay  
Don't behave-have-have-have  
You don't have to ruminate-nate-nate-nate  
I would have you any way, way, way, way  
So stay, stay, stay, stay  
Don't behave-have-have-have  
You don't have to ruminate-nate-nate-nate  
I would have you any way, way, way, way

Lay down  
Don't be callow  
Won't help you grow  
Slow down in deep shadows  
Glow, glow

If you heard what I said would you follow?  
I could be anything that you borrow  
If you suddenly seem like a lost soul  
Let it be, let it be till tomorrow

So stay, stay, stay, stay  
Don't behave-have-have-have  
You don't have to ruminate-nate-nate-nate  
I would have you any way, way, way, way  
So stay, stay, stay, stay  
Don't behave-have-have-have  
You don't have to ruminate-nate-nate-nate  
I would have you any way, way, way, way
