

Moments

Slick Shoes

Hold on I didn't know. We don't need to rush this. It may feel like it'll take forever. All we have is in this moment. When it feels like it will take forever. Might take forever
Up to now I have gone about it all wrong. I think I got it all wrong. Back to the start. I can't hold onto your heart. How can we grow apart together?

Hold on let's take it slow. How soon you'll be departing. So naive I thought we'd have forever. All we have is in these moments
Up to now I have gone about it all wrong. I think I got it all so wrong. Back to the start. I can't hold onto your heart. How can we grow apart together?
