Mexico

Slightly Stoopid

I said now c'mon little baby say why don't we go On down to mexico Hey little darlin' then I'm dyin' to take you On to jamaica Look in my eyes and I'll tell you face to face I'm going to the the place that's best yes They keep you warm, but they be your sunshine yeah You call me yours I'll call me mine, yes Overcome those devils with something called love Overcome those devils and then rise up above love I don't love violence But I don't love evil I love something that is real yes You wanna fight me? Do you got something to prove, prove? Go on and make your dirty move, right And if I was to sail on a ship It would be 'cross the sea Me open up me mind dream become reality But me open up my dream say But if you say it's true But tell me little girls what am I supposed to do? When she come to give good loving Yes good loving all the time But yes the sex is best Coming in the morningtime Besides this pretty girl Yes she tell me feel fine Hit down the treble Boy here come the bassline I singin' c'mon little baby Listen close to what they've got to say This be the bassline from the jungle make you feel irie They be the one they callin' s-t double-o p-I-d I'm slightly stoopid baby slightly but not completely Oh yeah How many people wanna go On to the land that they call mexico Come feel me How many people wanna take ya' Said over to 'dem island that they call jamaica Yeah, dem a supercat I feel they never wanna g'wan Lord him a supercat I feel they never wanna g'wan No lord they never wanna live to see jah rising sun Oh come on listen ragamuffin want to chant you down Say now How many people wanna stop me Lord they comin' non-stop Come fi yes they come to rock Come feel them How many people in jah dance Lookin' for some lovin' An' loving and romance' Yeah They comin' up on my riddim' But creator said Lord I a man go steal it

I say go jah man go Lord they've got some problems Know me don't think so Want sinsemilla....
