

## Red Roo Roadhouse

Slim Dusty

There's been times I've had the truckie's breakfast  
A cup of bad coffee and a smoke  
And you can keep your bran and your orange juice  
'Cause I'm a hungry bloke  
When I'm strung up tight from drivin' all night  
I know just what it takes  
I need the six dollar truckie's breakfast  
Like the Red Roo Roadhouse makes

You get two eggs cooked any way you like  
You get bacon, snags, and toast  
And a bottomless cup of strong hot coffee  
While you sit with your mates and joke  
Don't ask me why the tourists go by  
While the truckies hit their brakes  
Oh the six dollar truckie's breakfast  
That the Red Roo Roadhouse makes

And you can sit for a while in the truckie's corner  
With the TV and calendar girl  
And you can have your say about the R.P.A  
And the best breakfast in the world  
It may not be a fancy five star place  
But it's got what it takes  
The six dollar truckie's breakfast  
That the Red Roo Roadhouse makes  
(Oh yeah!)

Well I must have driven about a million miles  
Through the inland and round the coast  
But my favorite site is the flashin' light  
Of the place we love the most  
And you can keep your flashy fast food joints  
With their burgers, fries, and shakes  
Give me the six dollar truckie's breakfast  
That the Red Roo Roadhouse makes

And you can sit for a while in the truckie's corner  
With the TV and calendar girl  
And you can have your say about the R.P.A  
And the best breakfast in the world  
It may not be a fancy five star place (hey!)  
But it's got what it takes  
The six dollar truckie's breakfast  
That the Red Roo Roadhouse makes

I'd like to thank Cheryl for the way she cooks  
And Sid for the care he takes  
And the six dollar truckie's breakfast  
That the Red Roo Roadhouse makes
