Buzz Me Babe

Slim Harpo

You buzz me babe, on your telephone You buzz me babe, on your telephone Wanna know from you baby, stayin' still goin' on

While I'm young babe, and I'm still in my prime While I'm young babe, and I'm still in my prime Wanna love you baby, while I still have time

When I'm old babe, and can't stand no more
When I'm old babe, and can't stand no more
I wanna hug and kiss you baby, and I think I'll let you go
