

I'm Gonna Miss You (Like the Devil)

Slim Harpo

Baby you left me
I didn't do nothing wrong
You know I love you, darlin
And I'm sorry that you're gone

I'm gonna miss you
I'm gonna miss you like the Devil
I'm gonna miss you like the Devil
But these things I'll overcome

I was wrapped around your finger
I'd do anything you'd say
I tried so hard to please you
But you left me anyway

I'm gonna miss you
I'm gonna miss you like the Devil
I'm gonna miss you like the Devil
But these things I'll overcome

Now; you told me that you loved me
I thought your love was true
I found another woman
Lovin you the way I do

I'm gonna miss you
I'm gonna miss you like the Devil
I'm gonna miss you like the Devil
But these things I'll overcome

Baby you left me
I didn't do nothing wrong
You know I love you
And I'm sorry that you're gone

I'm gonna miss you
I'm gonna miss you like the Devil
I'm gonna miss you like the Devil
But these things I'll overcome
