

## Wonderin and Worryin

Slim Harpo

Wonderin' and worryin', will my baby change her mind  
Wonderin' and worryin', will my baby change her mind  
I can't make you love me baby, don't know why I keep on  
tryin'  
I love you baby, darlin' you just don't understand  
I love you baby, darlin' you just don't understand  
I'm in hope someday darlin', I can be your lovin' man  
One thing baby, I want you to understand  
One thing baby, I want you to understand  
When you've mistreated me baby, you've misused your best  
friend
