Boss Hoggin'
Im boss hoggin'

Im out before the sunrise pullin out my supplies
I got hustle in my eyes can't let the cash die
Im a boss hog outlaw chasin my stacks
Wether weed or C.D's or keys of Crack,
I gotta get it, bein broke? a nigga aint with it
Show slim the target and i promise i hit it
I spit it for the real G's who be out on the grind
Who hustle cuz' dollar signs is all they got on they mind

Get your money nigga, if you don't someone will
I can't depend on a record deal for a meal,
Ima' make it for my mother, one way or the other,
I never did like snakes so i got out the gutter.
I made it now, that's why slim the most hated now.
No more livin in the hood we done upgraded now,
And they say how did you survive livin on the north side,
In the city where the skinny niggas die.
Tell momma don't cry,
Cuz even if they kill me they can never take the hustle from a young G.

Im Boss Hoggin'
All my G's in texas on the grind know what im talkin' about
