Slim Thug

Excuse me honey chow, come get at me for a while  
Has anybody told you, you have a beautiful smile  
Here's my number give me the dial, give me a trial  
I promise I'll give you a smile, if you give me a call  
I know I'm not your type, cause I live the thug life  
You think I sell drugs, cause I got this much ice  
I rap I ain't got a album, she like yeah right  
I saw niggas that went platinum, who cars ain't that nice  
I'm like that's not polite, don't stereotype  
I bet I can change your life, if you give me one night  
I'll show you another side, of the world  
We can take trips overseas, if you was my girl  
Buy you a lot of white ice, so we can both shine bright  
Trade in your Hundai XL, for a Benz SL  
I keep you living well, stay stunting  
Give you everything you like, psych boo you know I'm just front  
ing

I know that I promised you thangs, like money and diamond rings  
I was just fronting, I was just fronting girl  
I told you all kind of lies, to get in between those thighs  
Boo I was just fronting, I was just fronting yeah

I seen the way you look, when I was parking the dubs  
Plus I knew that you was peeping, when I walked in the club  
Thought that I was fronting, cause I'm walking with thugs  
So you pass a nigga by, and start talking to scrubs  
But one thang about me, when I speak to chicks  
Is to take a broad home, try to freak with chicks  
Put the mic to her mouth, make her speak to dick  
And if she got a appetite, she can eat the dick  
I'm with Slim Thee, he the Boss of the Nawf  
And this Killa Kyleon, I'm the Boss of the South  
So go 'head lil' mama, and put this boss in your mouth  
Work it all around, like dental floss in your mouth  
You like the toss in the South, menage-tweezies  
With two chicks, my dick massage the breezies  
I'm a pimp, it ain't hard to get broads to please me  
So go 'head, get my dick real hard and breezy trick

I know that I promised you thangs, like money and diamond rings  
I was just fronting, I was just fronting girl  
I told you all kind of lies, to get in between those thighs  
Boo I was just fronting, I was just fronting yeah
