H-Town, Texas ain't nobody did it better

Trendsetter made the whole world copy

My own boss can't nobody stop me

When I pull up big rolls on 4's at yo hoes

You soft behind the pussy and she told you exposed

I'm a pimp like young Sweet Jones

Like smoking swishers while your bitch give me dome

Still rode chrome through the streets of Acres Homes

And I'ma be a real nigga, til a nigga gone

OG status the world lookin' at us

We shinin' like diamonds and our bitches is the baddest

Look at my

Piece and the chain

Never change mane, I do this shit for Pimp

Still keep it trill, still shinin' on them wimps

Fuck what you talkin', bitch I'm still ballin'

Hit the boulevard on the 4's yeah they crawlin'

Like Gators we some true H-Town players

Run the city like I'm the mayor

Been gettin', still ain't fall off

Still coming down clean reppin' for that North

Talk the talk, do the walk like Thugga walk

Say whatever but them shinin' like Thugga shine

What them boys talking bout mane, I been on my grind

Still comin' down clean, piece and chain shine

Piece and the chain

Still the realest nigga in it

Did it independent

Made it out the hood, I told them boys I'm gonna get it

Got tired of being broke, instead of live for less

I'm tryna keep a new piece of chain on my chest

Still do it for the city, never gon' stop

Tryna keep the real niggas at the top

Stacking my stacks

Still buyin' new 'Lacs
Still sellin' out the stores like my shit crack
I still gotta keep it trill mane
Aye fuck what they do I keep it real mane
Aye been shinin' since the grill mane
Been coming down, no deal mane
