Ashtray full of cigarettes and cigars
And we're just smokin'
Until we're chokin'

Yeah half ounce of super sour
Half ounce of OG
Someone's smoking an ounce
Of super sour OG
Sometimes I smoke with people
That don't even know me
But it got to be my shit
I only smoke zero's weed
Niggas be puttin more that weed in the blunt
That shit ain't smelling right my nigga
Get this weed or what?
Have you so goddamn high
You don't come down no more
But I'm so goddamn high
I come down and smoke me some more
All hail from the motherfuckin Cali
I [?] from a white boy
Didn't get it out the alley
OG Berry
OG Woody
I got butter kush
My homie call it
"I'm a bad motherfucker" kush
Legalise it
It ain't hurting nobody
When I'm fucked up
I ain't thinkin bout murchin nobody
Look all I wanna do
Is let the wind blow
Feel like I might suffocate
If I don't let down all my windows

Smoking round paper cones
Kush to the dome
And we don't live in Cali
But we got this shit at home
E'erybody got a bag
And e'erybody got a cup
By the end of the night
E'erybody be fucked up
We high but we leaning
Young still smoking
We smoking on that Reggie nigga
Pop up on the [?]

Talkin bout they got that fire
As soon as they light up

We bout to go outer space
Just pass me the lighter
Keep smokin
Keep rollin
Even then we fucked up

Everyday gotta have it
All I wanna do is smoke

I say no to Reggie
If it's OG [?]
