

Rainbow on the Rio Colorado

Slim Whitman

There's a rainbow on the Rio Colorado
There's a haze around the western Texas moon
Someone waits beside the Rio Colorado
'Cause I promised to come back to Texas soon
When the dawn comes breaking through
This lonesome buckaroo
Will be riding down a trail I used to roam
There's a rainbow on the Rio Colorado

And it calls me to my western Texas home
When the dawn comes breaking through
This lonesome buckaroo
Will be riding down a trail I used to roam
There's a rainbow on the Rio Colorado
And it calls me to my western Texas home
Yes it calls me to my western Texas home
