

## Red Sails in the Sunset

Slim Whitman

{Red sails in the sunset, way out on the sea}  
Oh, carry my loved one home safely to me  
{She sailed at the dawning, all day I've been blue}  
Red sails in the sunset, I'm trusting in you

Swift wings you must borrow  
Make straight for the shore  
We marry tomorrow  
And she goes sailing no more

{Red sails in the sunset, way out on the sea}  
Oh, carry my loved one home safely to me

Swift wings you must borrow  
Make straight for the shore  
We marry tomorrow  
And she goes sailing no more

{Red sails in the sunset}  
Way out on the sea (ooh-wee-ooh, wee-ooh)  
Oh, carry my loved one  
{Home safely to me}
