

The world keeps spinning
I sold cocaine for a living
Show them that money they won't need no convincing
Why you think I took the risk for the biscuits
I brang it home that's no matter the distance

I'm the type of guy that they paint in the pictures
They all think they know me there ain't a description
How can you know me? You ain't in the mixture
Of drug dealers, extorters and gun grippers

On the m40 I was cutting past Bicester
I don't shop there but it's calm for a sister
I don't wanna argue I can't with the mix-up
'Cause any disrespect a getting picked up

Any big regrets I had I pissed on
Life's a gamble you lose some you win some
They assure you take time and things come
No time take it with a big gun

No doubt I ain't living a car crash
Sitting in a cell and I can't rap
Got a cell mate and you can't
Yeah they thought life was hard AK

'Cause they ain't going hard enough
Before they wake up and start I'm done
I can't hear when they say what they've hardly done
I stepped out but left before the parties done
'Cause I have a green light and a charged him up

I put my foot on the brake and I start it up
I circle three times when I'm parking up
I'm with the same guys they say can't conduct
Causing fuckery and starting stuff

When you let yourself down yeah it's hard to trust
When you've been through the trauma it's hard to love
I looked at my boy I told him pass the bud
I thought about my pops when I sparked it up

I saw a few faces they weren't familiar
I was running two phones but the lines were similar
I was pulling over cats when the line was billing up
It's all in my blood I ain't the type for giving up

He came around the guys and be lost his marbles
He and a bad day and he said that it's our fault
Don't get into what you ain't got the heart for
Didn't mummy tell you that the smoke is harmful

I was on a visit overseeing a parcel
I was on the a90 with a car full
I'm busy getting money I'm sorry I can't talk
I sold crack cocaine like fast food

He sent the packs no need to front it
Longev no need to bump it
The grinds hard it's easy stunting
