

Liberate

Slipknot

Liberate - My madness
(One of me, all of you)
Liberate - My madness
I just want to...

Section off myself
Put a wall up/What the hell have I done
Keep the dog at bay
Survive by saving me!
Values and the game
Not a fuck-up - Not a part of your lie
I am one, I am all - I'm above and beyond!

Back off of the shit
Stand off or I'll spit
So soft, you forget
Your garbage in is garbage out
You don't give a shit
I won't play the fit
Get off, get on this
Your garbage in is garbage out

Liberate my madness...

Liberate - My madness
(One of me, all of you)
Liberate - My madness
I just want to...

I am not ashamed
What is vital, isn't always humane
You can break in vain
But you can't break away
Even in my face
Lotta bullshit, not alotta the truth
I can't see from here
But I can smell your fear

Back off of the shit
Stand off or I'll spit
So soft, you forget
Your garbage in is garbage out
You don't give a shit
I won't play the fit
Get off, get on this
Your garbage in is garbage out

Saved - You're such a slave - I don't expect a
Name - You don't care - I wasn't witness -
I can't be a part of a system such as this
Hard eyes - Glow right - In my - Darkness - Again
With the sickness, renegade blisters, sisters,
Salivate, litigate, liberate, madness, sadness
Fuck this - How long have I had this?
I don't need this - Outta my business
Insert, engage, betrayed, my God
Fraud

Liberate - My madness
(One of me, all of you)
Liberate - My madness
I just want to...
