Requiem

Slipknot

We were ready for anything!

Everyone knows some pain
I see the loss every time some ones says your name
When you know someone who shines hard
A soul of the age who doesn't care
Who the fuck you are

You had a friend, a brother who was everything
But he had to go away... that was yesterday
I've lost a lot of people in my time
The good, the bad, the unreal,
And the one who shine

So I know you all understand
When I say that until they left
We were ready for anything...(2x)
But this

(chorus)
You are not gone
We keep you here inside us
You are not gone
We know you're still beside us
You are not gone
We have this light you gave to us

Now it's time to lay to rest our friend
And through these songs
His memory will never fucking end
We will see that
Through this loss we'll shed some light on you
Until the day you left us

We were ready for anything...(2x)
But this

(chorus)
You are not gone
We keep you here inside us
You are not gone
We know you're still beside us
You are not gone
We have this light you gave to us

Why'd you have to go?
We never had a chance
I can't believe it so I won't admit it
Life ain't shit without you in it

(chorus)
You are not gone
We keep you here inside us
You are not gone
We know you're still beside us
You are not gone
We have this light you gave to us

Everybody says the light that shines the brightest
Burns out fast
But what they never say is
All the light they give us lasts
We hold the memories and cherish
Everyday we had
But we would give it up in a second
Just to have you... Back!!!
