

# Over You

Sloan

Oh baby  
This is nowhere  
Wish I was somewhere  
Over you

Your sweet lips  
Tell me there's no chance  
No more romance  
Over you

Oh baby  
How can I go on  
Crying so long  
Over you?

We're strangers  
Lookin' for a new love  
I'm so lost in love  
Over you

Ooh.

Some day  
Yes it might come, babe  
When I'll be, babe  
Over you

And always  
Up to that moment  
I will try to say  
"I'm over you"
