

# A Giant Swallow

Slothrust

In love with the water  
In lust with the open sky  
I swallowed the mirror  
Reflect as the days flow by

I circle the moment  
I watch myself fail to fly  
I'm stuck in the honey  
I'm stuck on the reasons why

It breaks like a thunder  
It sinks like a crystal ball  
I can't feel my fingers  
I can't feel myself at all

Fight fire with fire  
I'm swimming in turpentine  
We're all full of toxins  
No one ever seems to mind

This dance is so crazy  
I can't seem to catch this grind  
There I go again judging  
What I can't seem to leave behind

Like all of these demons  
They pin me against the wall  
My hunger is a symptom  
Wake up thirsty or not at all

The moss it is glowing  
Still wet in the morning sun  
Thought I saw a ladder  
To climb when the day is done

Thought I saw a swallow  
It swallowed the glory whole  
I'm not asking for favors  
I just want some dice to roll

I'll return to the ocean  
Return to the womb again  
Inside of the mother  
Won't have any questions then  
Won't have any questions then  
Won't have any questions
