Bobby & Whitney

Slothrust

Holdin' it down
Ain't the easiest to do
It's an art form
It takes practice

Tearin' it up
A craft more familiar
You all know me
I am tactless

Which way? Which way?
Tell me where to go
Cause I never go the right way
No, no no no no no no

Tie up my hands
Tie up my legs
Don't want to use it no more
Don't want to use it no more
So take it all
Take up all of it

I look for lovin'
All the wrong places

You lift me up
Yeah, you lift me up
You, yeah, you lift me up
Yeah you lift me up

I am obsessed
Up where we belong
