

Cubicle

Slothrust

I try my best to hide that I care
That you got me wrong, yeah you got me wrong
Yeah, you got me wrong
You really got me wrong, yeah you got me wrong
Yeah, you got me wrong

I look around, the light hurts my eyes
And I'm falling deeper and deeper into the void
Yeah, I'm falling deeper and deeper into the void

I punched some holes and picked at my nails
Will somebody please put some tacks in my eyes?
Will somebody please put some tacks in my eyes?

How big is your nest? Is there room for me?
Will you regurgitate some worms into my mouth?
Will you regurgitate some worms into my mouth?
