

# Maybe Maybe

Slothrust

Sometimes I hate the mirror  
I wanna peel off its face I'm so afraid  
Sometimes I think I've lost it  
I think I need to be alone in this charade

Maybe maybe  
Might be could be  
Maybe maybe  
Who knows

I wanna ride the ceiling  
I wanna shoot up to the sky and stake my claim  
I wanna swallow Venus  
I wanna live inside the clouds and drink the rain

I wanna kiss tornadoes  
I wanna spiral out against the windowpane  
I'm laughing on my broomstick  
I wanna hit it from the back of the hurricane

Maybe maybe  
Might be could be  
Maybe maybe  
Who knows

I wanna fuck the feeling  
I wanna spit into its mouth and pin it down  
I wanna suck the serpent  
I wanna dance with its tail caught in my mouth

Maybe maybe  
Might be could be  
Maybe maybe  
Maybe maybe maybe  
Might be could be
