

I want to take you to the planetarium
I want to show you how ugly the sky is

Have you ever faked sick before?
'Cause I'm faking it right now
Have you ever faked sick before?
'Cause I'm faking it right now

Can you feel it?
Is it obvious?
Am I so obvious?

Welcome to the aquarium
Welcome to me staring at you

Have you ever faked sick before?
'Cause I'm faking it right now
Have you ever faked sick before?
'Cause I'm faking it right now

Can you feel it?
Is it obvious?
Am I so obvious?

Have you ever faked sick before?
'Cause I'm faking it right now
Have you ever faked sick before?
'Cause I'm faking it right now

Can you feel it?
Is it obvious?
Am I so obvious?

Bleh bleh bleh bleh bleh bleh bleh bleh bleh
Bluh bleh bleh bleh bleh bleh bleh bleh bleh bleh bleh

Have you ever faked sick before?
'Cause I'm faking it right now
Have you ever faked sick before?
'Cause I'm faking it right now

Can you feel it?
Is it obvious?

I want to take you to the planetarium
I want to show you how ugly the sky is

Have you ever faked sick before?
'Cause I'm faking it right now
Have you ever faked sick before?
'Cause I'm faking it right now

Can you feel it?
Is it obvious?
Am I so obvious?
