

White Rabbits

Slothrust

I've been running for so long
Searching for something
I've been waiting in the dark
I've been hiding for so long
Sleeping in shadows
I've been waiting all this time

To let it out
And take it down
Tear it apart
Turn me around
I'm underneath
And up above
I am complete
I don't feel anything at all

I could swallow the whole cage
Rusting inside me
It's white rabbits everyday
I don't care about the pain
I serve it up gladly
In the end it's all the same

I'll let it out
And take it down
Tear it apart
Turn me around
I'm underneath
And up above
I am complete
I don't feel anything at all

I'll let it out
And take it down
Tear it apart
Turn me around
I'm underneath
And up above
I am complete
I don't feel anything at all

I'll let it out
And take it down
Tear it apart
Turn me around
I'm underneath
And up above
I am complete
And I feel everything
And I feel everything
And I feel everything
And I feel everything
And I feel everything
