

The Queen's Nose

Slow Club

I don't know where I could go without you babe
I love you so
I don't know who I could call, to help me lately
I don't tell a soul
What if to say, what if to say you don't go
What if to say, what if to say you don't leave
Me all alone

Wild it burns and it rages
Through the usual stages
My special one gone
And I'll never move on

I don't know where I could go without you babe
I need you so
And I'm watching your belly grow, a softer skin
I'll never know

Wild it burns and it rages
Through the usual stages
My special one gone
And I'll never move on
'Cause I've tried with you and now you broke me too
And I can't go on living like I do
I've got nothing left to say
Nowhere left to turn
If you're never wrong, then what you got left to learn?

What if to say, what if to say you don't go
What if to say, what if to say you don't leave me
'Cause I've tried with you and now you broke me too
And I can't go on living like I do
I've got nothing left to say
Nowhere left to turn
If you're never wrong, then what you got

And I can't go on living these songs
I can't go on on living these songs
And I can't go on
I can't go on living these songs
