

Aid And Abet

Slow Crush

Tomorrow's not the end
Again stars fall
Sober up and help
Me out again
Please pick me up again
Tomorrow's not the end

It's over again
Don't hide in shame when you see
It's over, martyr me again
Don't hide in shame when you see

Tomorrow's not the end
Pick me up again
Tomorrow's not the end

It's over, martyr me
My head in my hands, holding my breath
Forget all the hurt
Tomorrow will be
Again
