

## Blue

Slow Crush

Dreams feel unreal  
When you're here with me  
Savour the love you're loathing  
When you're here with me

Hold me tightly  
Dry my lips when I feel blue again  
Tired eyes

Wake me whirring  
Stay here with me  
Dauntless reeling  
Smothering  
When you're here with me

Hold me tightly  
Dry my lips when I feel blue again  
Tired eyes sinking

When I'm with you  
When I'm with you  
When I'm with you  
Lonely loathing  
Fix me to break me  
Lonely loathing  
Fix me to break me  
When I'm with you
