

## Drift

## Slow Crush

Helpless, there's no-one there for you  
Helpless, it goes on and on nobody's  
Healing, feeling  
Let it through  
Out of mind  
Forget it's filling you

Hopeless, the dark consuming you  
Hopeless, it goes on and on nobody's  
Healing, feeling  
Let it through  
Out of mind  
Forget it's filling you

Hope helps

Drift away on your warm wave
