Beasts

Slow Moving Millie

This could be our fairytale,
They'll play the villains for our sword.

I could be the Alice,
to your wonderland,
and find where the beasts are lain,
where was the dragon slain?

This could be our fairytale,
we'll make them all disappear.

I could be the rabbit,
to your magic hat,
and find where the beasts are lain,
where was the dragon slain?

This could be our fairytale,
we'll fight them all to the end.

I could be the arrow,
to your leaders eye,
and where was the dragon slain?
where was the dragon slain?
Find where the beasts are lain,
where was the dragon slain?
