

## Slugs

Slow Pulp

Quiet, c'mon and give me a kiss  
I guess that I wasn't over it  
Perfect, all the ways we used to  
Fit together I think I want back in  
Oh when it, it all ends again  
What if I tell you that  
You'll be playing in my head

Cause you're a summer hit  
I'm singing it  
You're a summer hit  
I'm singing it

Listen I wanna tell you how I've been  
That I want you despite my defense  
Trust in all the things I never said  
I'm sorry I haven't been honest  
But when it, it all ends again  
What if I tell you that  
You'll keep playing in my head

Cause you're a summer hit  
I'm singing it  
You're a summer hit  
I'm singing it
