Slow Runner

Today, today
I'm feeling it down in my gray, gray heart
This love don't come out after dark
This love don't come out after dark

Today, today
The sea birds are lost in my gray, gray heart
This love don't come out after dark
This love don't come out after dark

Wait, wait
I've made mistakes
I've had it thrown in my face
But no, no
Story I know
Comes close to having this weight

This love don't come out after dark
This love don't come out after dark
This love don't come out after dark
This love don't come out after dark
