

**30th June**

**Slowdive**

The most beautiful day I ever saw  
With these eyes I saw the best in life  
The most sensical day I had  
Turning stones, turning stones over til they shone

(Dark as days, dark as days)

And you were caught in the dark  
With nothing makes sense  
But you were caught in the dark  
Where nothing makes no sense

(Shadows down, shadows down / when I saw the light in you)

The most beautiful day I ever, ever had  
With these eyes I saw the light in yours  
The most sensical day I had  
Turning stones, turning stones over til they shone

(Dark as days, turning stones, dark as days)
