

Changes

Slowdive

[Verse 1]

In the soul, play
In the wall, hide
Is it for love
Of what we saw here?

[Verse 2]

Lose that form and
I'm a long shadow
And the form, hide
In what we brought here

[Refrain]

It's a game that I still play
It's a game that I still play

[Verse 3]

In that form I'm
All of what we saw there
In that form, hide
In what we brought here

[Outro]

It's a game that I still play
It's a game that I still play
It's a game that I still play
It's a game that I still play
It's a game that I still play
It's a game that I still play
