

# Don't Know Why

Slowdive

Put it all behind you  
Put it in a song, yeah  
I don't want to know about it  
Put it in a corner  
Somewhere I can't find it  
I don't want to think about

Put It on a fire  
Put it in a pocket  
I don't want to see you now  
Put it in a picture  
(Bury all the magic)  
Hide it in a story

(Bury all the treasure)  
I don't wanna know about

I don't remember much about it all  
Just saw you loving someone else  
And swallowing that bitter pill  
My shabby heart was acting out  
You know I don't want no one else

Threw it all upon a fire  
Took the fight to someone else
