

# I Believe

Slowdive

I believe  
I believe  
I believe  
I believe  
I believe  
I believe

The first time, tell me where's your mind, I'm a fool  
But my baby says it's cool  
She flies  
She's flying all the time  
Flying all the time

I believe  
I believe  
I believe  
I believe  
I believe  
I believe  
I believe  
I believe  
I believe

Suddenly  
I will open your eyes (I believe)  
And I thought  
We'll see you slip away (I believe)  
All too much to fly (I believe)  
Send me back so high

I believe  
I believe  
I believe
