

# Sleep

Slowdive

I can see you laughing  
Through dreams of perfect sleep  
Sleep away from me  
You know what's in my mind?  
When you go I'm crying  
Dream dream away from me

When the Lord embrace you  
Bow down, spare the reed  
When I close my eyes  
Your fate shall be free  
When I see you drowning  
I'll dream dream away from you
