

## All Time

## Slowly Slowly

I met her in the throws of Pompeii  
Her door was open as the clouds came down  
And as we huddled there in the kitchen  
I knew what I'd found

Mingling at the royal function  
My feet were dragging, I was bored to death  
Then someone from a rival family  
Caught me possessed

Midnight down in Transylvania  
Hunting vampires in the pale moonlight  
There's something moving in the bushes  
I found one, alright

'Cause I know you'll always find me  
In a lifetime or next week  
All the magnets slowly shifting  
'Cause we always play for keeps  
We're all time  
Oh babe, we're all time

Drawing shapes on my cave wall  
Hiding from a sabertooth  
As a silhouette shifts to focus  
Who the hell are you?

So I'm drinking at a share house party  
And I go to open up the door, uh  
I don't know how to explain it  
I've seen her before

'Cause I know you'll always find me  
In a lifetime or next week  
All the magnets slowly shifting  
'Cause we always play for keeps  
We're all time  
Oh babe, we're all time

Oh, I met her in a bar in Soho  
And I saw her on a roof in Rome  
As I was lining up for the gallows  
She was standing in the crowd alone  
She found me on a desert highway  
In the jungle, in a crowded square  
Oh well, I don't know how to explain it  
But I think that she was always there

I saw her as the ferry pulled out  
So I floored it at the drawbridge like  
I was lightning out of Zeus's right hand  
We've always been, we'll always be, all time  
We'll always be, all time

(All time, all time, all time)  
We're all time  
(All time, all time, all time)

Oh babe we're all time  
(All time, all time, all time)  
We're all time  
Oh babe we're all time  
(All time, all time, all time)  
We're all time (all time)  
(All time, all time, all time)  
Oh babe we're all time  
(All time, all time, all time)  
(All time, all time, we're all time)  
(All time, all time, we're all time)
